XXVI IAP-ID Annual CME 2024

# Surgical Pathology of the Endometrium

**Sat-Sun**

**05<sup>th</sup>-06<sup>th</sup> Oct. 2024**

Venue : RD Choksi Auditorium,  
Tata Memorial Hospital, Mumbai

## Jointly organized by

Centre for Oncopathology  
(Supported by Tata Trusts) Mumbai, India

Dept. of Histopathology  
S. L. Raheja Hospital  
(a Fortis Associate) Mumbai, India.

Organising Chairperson  
Dr. Anita Borges

Organising Secretaries

- Dr. Shilpa Prabhudesai
- Dr. Pravin Mahajan

Treasurer  
Dr. Vinita Pant

*MMC credit points will be applied for.*

The annual CME program of the International Academy of Pathology-Indian Division (IAP-ID) for the year 2024 is being jointly organized by the Centre for Oncopathology (Supported by the Tata Trusts), Mumbai and the Department of Histopathology, SL Raheja Hospital (a Fortis Associate) Hospital, Mumbai. This one-and-a-half-day program is a Symposium on the **Surgical Pathology of the Endometrium**.

### About the Symposium

This symposium will discuss the recent advances in our understanding of endometrial physiology and highlight the diagnostic challenges and pitfalls in endometrial pathology.

The faculty which includes, experienced pathologists, gynecologists, and clinical oncologists, will interact with delegates through lectures and case discussions.

Participants are encouraged to submit interesting or challenging cases for discussion which will be vetted by a panel.

Postgraduate students will be afforded the opportunity to display their posters and win podium presentations and prizes.

### Highlights of the Symposium

Talks on

- Endometrial Physiology
- The non-neoplastic endometrium
- Gynecological investigation of the endometrium
- Risk factors for endometrial neoplasia
- Premalignant lesions of the endometrium
- Current classification of endometrial carcinoma and its molecular underpinnings.
- Reporting on Endometrial carcinoma
- The role of Molecular testing & its interpretation in endometrial carcinoma
- Endometrial stromal tumors and their mimics
- Panel Discussion on common issues of concern for clinicians and pathologists
- Interesting Case discussions by the faculty
- Presentations of Interesting Cases by participants

## Who should attend?

It is said that familiarity breeds contempt, an adage that rings true for the endometrium, which is one of the most often encountered tissues in routine or specialty histopathology practice. This symposium sets out to address the common issues that pathologists in practice face and to offer postgraduates in training an insight into the endometrium as a target organ. Those interested in the molecular mechanisms involved in endometrial neoplasia and the role that pathologists play in the management of endometrial neoplasia will find answers to their questions. Colleagues who have experiences to share are welcome to present their cases. Postgraduates will have an opportunity to showcase their posters. Most of all, this symposium will be centered around patients and the management of endometrial pathology. Gynecologists, especially those in training would also find something to take home from this meeting.

## Faculty

### Invited faculty

#### Dr. Kedar Deodhar

Pathologist

Tata Memorial Hospital(TMH), Mumbai

#### Dr. Amita Maheshwari

Gynec. Oncologist

Tata Memorial Hospital (TMH), Mumbai

#### Dr. Shweta Rajee

Gynecologist

Women's Hospital, Mumbai

#### Dr. Jaya Ghosh

Medical Oncologist

Tata Memorial Hospital (TMH), Mumbai

#### Dr. Sandeep Mathur

Pathologist

(AIIMS), New Delhi

#### Dr. Gayatri Rao

Gynecologist

Women's Hospital, Mumbai

#### Dr. V Kannan

Radiation Oncologist

PD Hinduja Hospital, Mumbai

#### Dr. Santosh Menon

Pathologist

Tata Memorial Hospital (TMH), Mumbai

#### Dr. Dhuru Shah

Gynecologist

Mumbai

### In-house faculty

#### Dr. Anita Borges

Pathologist

Centre for Oncopathology (COP) &  
S L Raheja Hospital, Mumbai

#### Dr. Pravin Mahajan

Pathologist

S L Raheja Hospital, Mumbai

#### Dr. Shilpa Prabhudesai

Pathologist

Centre for Oncopathology(COP), Mumbai

#### Dr. Rakesh Demde

Molecular Pathologist

Centre for Oncopathology (COP),Mumbai

#### Dr. Vinita Pandey

Pathologist

Centre for Oncopathology (COP),Mumbai

#### Dr. Alina DeSouza

Pathologist

S L Raheja Hospital, Mumbai

#### Dr. Vinita Pant

Pathologist

Centre for Oncopathology(COP), Mumbai

## Registration fee

	Early bird (on or before 31 <sup>st</sup> August, 2024)	From 1 <sup>st</sup> September, 2024	Spot registration
<b>Practicing Pathologist</b>	₹ 4000	₹ 4500	₹ 5500
<b>IAP-ID members</b>	₹ 3500	₹ 4000	₹ 5000
<b>Post graduates</b>	₹ 3000	₹ 3500	₹ 4500

Post graduates need to submit a bonafide certificate signed by their HOD.

## Payment details:

Name: TATA CANCER CARE FOUNDATION

Bank Name: Kotak Mahindra Bank

A/c No: 5148974411

IFSC Code: KKBK0000648

Or scan the QR code  
for the payment

**Kindly fill in the below details and send it over the whatsapp  
and/or email to the contact details mentioned in the brochure:**

- Name -
- Contact no. -
- Email Id-
- MCI Registration no. -
- Institution -
- If you are: Practising Pathologist / Pursuing Post Graduation / IAP-ID member
- IAP-ID Registration no.  
(If an IAP-ID member, then please provide your registration no.)
- Money transferred mode ..... (please specify)
- Transaction details .....

**Registration receipt will be shared on the provided email id after the verification**

### Instructions for contributing interesting cases

- The practicing pathologists can send their well worked up interesting and challenging cases for selection before 15th September, 2024.
- The time allotted will be 7 mins for case presentation and 3 mins for questions and answers.
- The cases will be selected by a panel from the faculty.

### Instructions for e-posters:

- The post-graduate students can submit abstracts for e-posters on gynaecologic pathology by 20th September, 2024.
- The e-posters will be displayed during the CME on the LED screens outside the conference hall.
- Out of the submitted e-posters, 6-7 posters will be given an opportunity for podium presentation in front of faculty and delegates on the second day of CME.
- The time allotted will be 7 mins for poster presentation and 3 mins for questions and answers.
- The best e-posters will be awarded.
